# **International Symposium**

For Prevention of Further Nth Room  
Case in Korea: Current State and  
Responses to Digital Sex Crimes  
against Children and Youth

**December 14, 2020**

# Nth Room Case in Korea

Digital sex crimes is a problem with deepening gravitas that our society must immediately address. Children and youth of our society is exposed to unprecedented threats especially due to the digital environment. Tacteen Naeil and ECPAT Korea is an NGO that has been at the forefront of fight against establishing protective measures for children and penalties for perpetrators. Sexual exploitation of children in Korea is an initiative actively sought after by the Seoul Metropolitan government.

# Purpose of the Symposium

In light of the Nth Room Case that shocked not only the Korean community but the entire world, ECPAT Korea, Tacteen Naeil and the Seoul Metropolitan Government is co-hosting an international symposium. The aim of the symposium is to shed light on the current state of legal and social infrastructure in place, share insights and explore avenues for global cooperation and collaboration.
